Scots FC	Red	Black	Red	Red

**Notes:**

\*Teams are reminded that where there is a multi colour part of the uniform that permits the choice in the colour, then whatever colour is decided must be worn by all players in that team.

\*\*Players may choose to wear black hijabs or headscarfs, but teams are reminded that when either black or their nominated colour is chosen to be worn, all players must wear the same colour.

It is the club's responsibility to ensure that their uniform and accessories comply with these guidelines and are equal to those approved by the SGFA.

Players who wear colours, other than those specified or otherwise approved will not be permitted to play until they remove the part of the uniform or accessory that doesn't comply.

Where not specified, goalkeepers will require to adjust the accessory colours to match the differing colours of their uniform.

The referee will have the final say on the use of the appropriate colour and players should be reminded that they will be cautioned in they attempt to deceive the referee.
